Fikardou decorated for Christmas

So many people visited the Christmas village in Fikardou on Sunday afternoon that police announced they had to change traffic arrangements.

As a result, entry to the village was only possible from Klirou, while those leaving had to go via Lofou.

The village is host to one of seven Christmas villages set up around the island this year to attract people to rural places.

The villages will run until January 7 offering food, drink and entertainment with a Christmas spirit.

this a lot of the problem going up to these villages . roads not able to cope with high traffic . having been caught out more then once in the past for all kinds of village activity's getting stuck in heavy traffic and a shortage of parking spaces when you get there , you begin to lose the will to bother any more .

Doesn't help that so many people in Cyprus drive large SUVs that are totally unsuitable for village streets.

dont see make any difference what kind of car you got as the problem more the traffic jams before you even reach the village . of course then you got to find parking spot but a length of a car not much different to some saloon cars and as some of the roads can be in terrible condition a SUV actually handle that job better than most cars .

Not sure why my reply has been deleted. SUVs are too wide and highly polluting. Too many in Cyprus. <https://www.theguardian.com...>

no wonder air pollution is so bad in Cyprus. No need to drive SUVs, but typical Cypriot attitude is selfishness and not thinking about anyone else. Length may be fine but width? Who actually needs such a large car unless you're a farmer or need to carry a wheelchair?

ABOUT US

The Cyprus Mail is the only English-language daily newspaper published in Cyprus. It was established in 1945 and today, with its popular and widely-read website, the Cyprus Mail is among the most trusted news sites in Cyprus. The newspaper is not affiliated with any political parties and has always striven to maintain its independence. Over the past 70-plus years, the Cyprus Mail, with a small dedicated team, has covered momentous events in Cyprus' modern history, chronicling the last gasps of British colonial rule, Cyprus' truncated Independence, the coup and Turkish invasion, and the decades of negotiations to stitch the divided island back together, plus a myriad of scandals, murders, and human interests stories that capture the island and its -people. Observers describe it as politically conservative.
