Paradata in 3D Scholarship

15 - 19 September 2025, Leiden, the Netherlands **@lambda**

Topics

- Paradata standards for 3D heritage visualization
- Documenting decision-making processes in 3D modelling/digitization
- Integration of paradata with international documentation standards
- Workflows for paradata during 3D creation
- Intellectual transparency in scholarly 3D visualizations
- Reusability, reproducibility, and trustworthiness of 3D models

Scientific Organizers

- Costas Papadopoulos, Maastricht University
- Isto Huvila, Uppsala University
- Trilce Navarrete Hernandez, Erasmus University of Rotterdam
- Kira Zumkley, Victoria and Albert Museum
- Vincent Rossi, The Smithsonian
